New York.

Dear Mr. Brunner:-

I take pleasure in enclosing, as requested, an application-for-membership card in our Society, together with a brief folder describing its activities. If you will kindly sign and return this card it will be presented at the next meeting of our Council the first week in April.

Under separate cover I am sending a copy of a pamphlet which lists and describes some of the medals issued by us. I have indicated where copies are still available, and if you desire any of them I should be very glad to have them sent you. May I further say that if you would like to obtain the pieces which are not indicated as on hand, if you will let me know what metal you desire them in I will keep a look out for them and in case they are offered at auction will bid up to our valuation on them for you..

Thanking you for your interest, and trusting that you will find an opportunity to visit our Museum in the near future, I am,

Very respectfully yours,

Secretary.

Dear Sir:

I have the honor to inform you that at the last meeting of the Council upon nomination of Dr. Gilman Thompson you were unanimously elected an Associate member of the American Numismatic Society.

May I avail myself of this opportunity to express my personal pleasure, which the receipt of your card gave me. I trust you will find an opportunity for visiting our Museum in the near future, and permit me to show you a great many more medals than we were able to exhibit at the Century Club. I am confident that you will find a great deal of interest here among the collections which we are not able to have on exhibition. Please do not fail to make yourself known when you come, so that we can give you some idea of the scope of our collections.

Very respectfully yours,

Secretary.

Dear Mr. Noe:-

I think my friend, Mr. Elbridge L. Adams, of
32 Nassau Street, might like to join the Numismatic
Society. At any rate, I have suggested it to him and
shall be greatly obliged if you will send him a pamphlet
or the necessary information about the Society.

I am just in receipt of Volume 52 of the Society's
publication, for which please accept my thanks.

Yours sincerely,

Arnold W. Brunner

Dear Mr. Noe:-

A friend of mine lately arrived from Europe asks me if a complete collection of medals given to soldiers in Queen Victoria's reign has any value and whether such a collection could be sold in America. "All the medals are in silver and were collected by the late Col. Charles Hume M.D.C., body-guard during the reigns of Queen Victoria, King Edward VII and King George V." That is all the information that I have and if you could tell me how to reply I should be tremendously obliged to you.

I am looking forward to visiting you very soon as I want to see the splendid collection of medals that you have at the Museum and talk to you further about them.

With best regards, I am

Yours faithfully,

Dear Mr. Brunner:

In response to your letter of the 27th, I should judge that the collection which you describe might be of considerable value.

As the English are much more interested in Decorations and medals than our own people, and as they collect their own medals very consistently, I should think your correspondent would be ill advised in selling in this country pieces for which the market at home should be better.

This is all I can say in a general way without seeing the medals or having a fuller description of them. If the matter can wait until you come to our Museum, I should be glad to talk with you further about them at that time.

Very truly yours

Secretary
